

2022 Campaign Results

Data from the 2022 American College Application Campaign, as reported by ACAC states on the 2022 annual survey, indicate that:

- Over 5,000 high schools hosted a College Application Campaign event nationally.
- More than 290,000 seniors submitted at least one college application during 2022 College Application Campaign events.
- Roughly 960,000 college applications were submitted during 2022 College Application Campaign events.

Because not all data are reported, we know these results are conservative. To date, 4.2 million students have been served by ACAC and 7.3 million applications submitted since the inception in 2005.
